## *A TRIBUTE TO Katherine White 1906-1988*

Kay came to Wilmot in 1946 where she and Donna Niles built their home and jelly business on the northwesterly slope of Kearsarge Mountain. The business, known throughout the country — and abroad — as Freedom Acres, literally put Wilmot Flat on the map. Kay was well known for her generous nature, hard work and relentless energy. She loved music and flowers and shared them with all who visited Freedom Acres.

She served the Town in the 60s as school board member. She was one of the founders and first President of the Wilmot Community Association. There was never a more dedicated worker than Kay as she sought contributions to keep the project afloat and to enlist volunteers at the Center and Beach. During her active years at the Center she produced and directed 14 plays featuring local talent. The townspeople looked forward to this annual event. Kay and her plays — and all that she was — will be affectionately remembered by the Wilmot Players and their appreciative audiences.

## REPORT OF SELECTMEN

We are still experiencing a building boom, although it appears to be slowing up recently. Several large subdivisions are before the Planning board for consideration at the present time. The Planning Board has presented several new amendments for the Town Meeting vote.

There were two very costly bridges replaced this past year, one on Stearns Road over Kimpton Brook and one over Walker Brook on Hobbs Hill Road.

We appointed a Recycling Committee to study the possibility of the Town undertaking such a program. Their report should be ready for the 1990 Town Meeting.

Due to the extra work load, we have had an extra employee added to the work force for the highway department. He will be a full-time employee.

We have been commended for operating a clean transfer station by the E.P.A., but it takes a lot of work to keep it in good condition.

## **WILMOT VOLUNTEER FIRE COMPANY 1988 TOWN REPORT**

The Wilmot Volunteer Fire Company (WVFC) is a nonprofit organization established to provide the people of Wilmot with fire protection. The only funding by the town is the appropriation we request each year. The twenty-five members of the company are all volunteers. Only the Chief, Secretary and Treasurer receive a salary from the WVFC, the combined total being one hundred and ten dollars (\$110.00) per year. The members in addition to responding to fires and other emergencies, also volunteer their time for other department activities. We have weekly work drills to maintain the building and equipment, monthly drills with the equipment and a monthly meeting. The members organize and run several fund-raising events, which this year raised over five thousand dollars (\$5,000.00) in profits for the department. The reward for this effort is simply the satisfaction gained by protecting and serving our fellow citizens during fires and other emergencies.

As you can see from the financial report, we have had a good year. We were able to meet this year's goal of modernizing our equipment. In addition to the new equipment list in the report, we also have on order additional hose and fittings and two new Scott Air Packs. These items will add approximately four thousand five hundred dollars (\$4,500) to the cost of new equipment ordered this year. We also spent approximately thirteen hundred dollars (\$1,300) repairing the pump on our second line pumper. We feel this truck, a 1956 Maxim pumper, will continue to serve us well until we can purchase a new pumper.

Next year we hope to continue to upgrade our equipment while continuing to pay off our current truck loans with the help of the Selectmen we have obtained better insurance coverage at a lower rate through the municipal association. We had planned to ask for an increase in our appropriation this year. However we had an excellent response to our newsletter, approximately eight thousand dollars (\$8,000) was donated to the fire department, and we felt that we could meet our goals without an increase this year. The response to our newsletter was very gratifying to us. We realized how much the community is behind us in our efforts to serve the town. We also received five hundred dollars (\$500) in memory of Al Bacon. We decided to match the donation with our funds and purchased a Certificate of Deposit. This is the beginning of a capital reserve fund for the purchase of a new pumper.

This summer we will have an open house. We hope you all will stop down to see how your tax dollars and donations are used. We are very proud of what we have done and would like to show our neighbors.

On behalf of all the members of the Wilmot Volunteer Fire Company, I would like to thank the townspeople for the continued support of our fund raising and their generous donations.

Please remember — smoke detectors and home fire drills save lives!

Respectfully submitted,

KEVIN DRAKE

## RECYCLING COMMITTEE

The Selectmen have appointed a Recycling Committee. The goal of the Committee will be to study ways of disposing of Wilmot waste in order to save taxpayer's money and preserve our natural environment. The Committee will present reports to the Selectmen on best use of present facilities, implementation of suggested proposals for future disposal, and a time line of educational programs for the Town of Wilmot in recycling. Members appointed are: Bob and Jean Cole (526-2920), Doug Smith (526-4904) and Kay Draper, Chairman (526-4936). Please contact any member of the Committee with your suggestions.

## REPORT OF WILMOT CEMETERY TRUSTEES

The trustees continued to maintain the seven town cemeteries this year by mowing, raking, brush cutting and removing debris. In addition, we were able to repair and paint the cemetery fence at Bunker Hill. New flags were placed on the graves of the veterans of war on Memorial Day and the old flags were removed and disposed of properly.

In 1988 there were three interments in the Bunker Hill Cemetery and a total of 8 cemetery lots were sold there.

The Cemetery Trustees wish to thank Clayton Howell and Robert Stewart for all their help in the upkeep of the North Road and the White Pond Cemeteries.

We are aware that there are repairs that could be made in many of the town cemeteries, however, we feel that the stone wall at the Eagle Pond Cemetery needs attention very soon. This is a problem that will head our list of priorities in the coming year.

Lake Sunapee Home Health Care, Inc., is a non-profit, Medicare-certified, state-licensed home health provider, serving 17 towns in Merrimack and Sullivan counties, completed its first full year as a merged agency. In 1988 our nursing, aide and therapy staff traveled over 90,000 miles to make almost 10,000 home visits throughout the 1,600 square mile area we serve.

In addition to in-home visits, LSHHC enhanced our support for family care at home through the development of respite care and private duty RN services. Homemaker/Home Health Aide Training, Red Cross Training and CPR were offered to staff through the support of town funds and business contributions. The Parent Child Program continued operating in New London and began in Newport using monies from the church communities.

## THE WILMOT LEARNING PLACE

The Wilmot Learning Place since 1982 has offered a quality program to the four and five year old children of the community. The current enrollment is at capacity of 20 children, including 3 from out of town paying increased tuition rates. The town's appropriation contributes towards keeping the tuitions affordable for Wilmot students. Our financial goal is to continue to offer quality at a reasonable rate.

Marybeth Angeli is the Head Teacher at The Wilmot Learning Place. Her career in education started eleven years ago in Concord. Marybeth is a graduate of Mount Saint Mary College and is continuing her education through Notra Dame College towards a Masters Degree in Education. She holds an Experienced Educator Certificate with the State of New Hampshire Board of Education and had owned and operated a Kindergarten in Salisbury for the last six years.

Melissa Patten has filled the teacher's aide position at The Wilmot Learning Place. Melissa is really an assistant teacher. She is a graduate of Plymouth State College and is certified by the State of New Hampshire Board of Education. Melissa now attends Keene State College in the Continuing Education Program. Her caring for children started years before as a mother's helper and first rate babysitter. Now, Melissa is a wonderful addition to the much needed Early Education Program at The Wilmot Learning Place working with the Pre-schoolers.

The greatest part of our team is the shared love and caring for children. Both teachers hold a mutual Philosophy of Education. On an individual basis, to guide and help mold a love for learning in each child, we both feel learning should be fun! With a flexible schedule, we stress the completion of projects to gain instant gratification and positive reinforcement. Each child is encouraged to be a kind, caring, and polite individual. Melissa and Marybeth work at making all of this possible in the warm and loving environment at The Wilmot Learning Place.

During the 87-88 school year we expanded and improved our in-house library, and upgraded educational materials. Our 88-89 fixed expenses have increased using some of the funds we have accumulated over the past few years for the betterment of our children's education.

The goal of the Wilmot Learning Place is to provide a positive learning experience for our preschool children. In addition to the stimulating and nurturing environment of the classroom, the school sponsors field trips throughout the year for further expansion of knowledge and experience.

The success of the school reflects upon the entire community. The board would like to thank the Wilmot Library for encouraging the use of its facilities and numerous townspeople for their continued support. This community cooperation enables the children of Wilmot to have the valuable experience of beginning their school years in their town.

## REPORT OF THE LIBRARY TRUSTEES

We have devoted much of our time this year toward our plans to expand the library. Following last year's vote of confidence at Town Meeting, we talked with several architects and decided to work with Mark Mitchell from Hanover. From several different suggestions, we chose the plan to connect with the Town Hall by a ramp at the back of the buildings. This plan will double the available floor space, will allow access to the existing toilet facilities in the Town Hall, and will give us more useable space for programming for both children and adults. At the same time the plan calls for preserving the architectural integrity of both buildings. Plans and drawings have been on display in the library since November. Ruth Barningham and George Howe have assisted the trustees and librarian in these decisions.

We are very pleased to have an active Friends of the Library group giving us their enthusiastic support. Organized in May, they have already raised over \$1,000 for the Library and conducted a summer reading program for children, sponsored a poetry reading by Jane Kenyon, and assisted the librarian and trustees in many other ways. We are grateful for their helping hands and keen interest.

Nine Wilmot artists displayed their work on Town Meeting Day and many voters stopped in to view the exhibit and to visit with us. This has become a most pleasant annual event.

Again, we extend our thanks to our dedicated volunteers: Lynn Bacon, Elizabeth Hill, Dickie and David Hopper, Janet and George Howe, Clara Langley, Lorna McConnell, MaryJane Schoeler, Donna Sweet, Judy Walker, Helen White, Fran Wilcox and Loretta Zuger. And it goes without saying that the library would not function at all without Kathi Donovan, our extraordinary librarian.

## REPORT OF THE FRIENDS OF THE WILMOT PUBLIC LIBRARY, INC.

One May 19, 1988, a group of interested citizens met in the Town Hall in Wilmot Center to organize the Friends of the Wilmot Public Library. Officers were elected, by-laws approved, and plans made for activities and programs for the year. The purpose of the Friends is to focus public attention on the library and to stimulate the use of the library's resources and services. To this end, the Friends helped with the children's summer reading program and story hour, held a craft class for the children, and treated them to a Halloween party. The logo you see at the top of this report is the result of a contest held during the summer. Two very successful bake sales were held, and the Friends helped the Trustees with their annual book sale. The Friends also sponsored an evening with Jane Kenyon during the fall as well as a craft class for adults. During the holiday season, the Friends had published a "Wilmot at the Turn of the Century" calendar for 1989, and the approximately \$600 profit from the sale of the calendars was given to the Trustees to help defray the costs of some of the initial planning for the proposed library renovation and addition.

Undoubtedly the most exciting aspect to this first partial year has been the enthusiasm shown by the residents of Wilmot and the surrounding area in supporting the library. Ninety-seven people joined the Friends during this time — a wonderful beginning! The Friends were the guests of the Executive Board at Christmastime as the board's way of showing their appreciation.

During this early part of 1989, the Friends are having a new bookmark printed, indicating the expanded hours of the library. A program featuring Dr. Allen Koop will be held in late February, and plans are underway to create a quilt to be raffled off this summer. During this first full year of our organization, the Friends will continue to support the Trustees in any way possible, to expand our adult and children programming, and to help make the library a source of pride and enrichment to the people in our community.

## 1988 REPORT OF THE WILMOT PLANNING BOARD

The Wilmot Planning Board had another very busy year in 1988, having considered approximately twenty applications for subdivision approval of various sizes and approximately ten applications for site plan review. The Board also provided opinions on inquiries from town citizens and other interested parties in approximately six instances.

In the category of minor subdivision requests, which generally seek approval of the simple subdivision of one lot into two, the Board approved nine new lots.

Three subdivision applications seeking the approval of five or more new lots each were considered by the Board as well. Of these, the Board approved a new eleven lot subdivision on Kearsarge Valley Rd. and a new ten lot subdivision on the North Wilmot Rd. This latter subdivision, among other positive things, included the imposition of a conservation easement on more than three hundred acres of land. This means that these three hundred acres will never be developed in the future, a situation that has obvious benefits to the Town as a whole.

A proposed seven lot subdivision in the Pinnacle Rd. Area was denied by the Board due to the inadequacy of safe access into the land from both Pinnacle Rd. and the North Wilmot Rd.

In the category of site plan reviews, the Board received applications for approval from approximately eleven individuals. The bulk of these related to site plan approvals from small home-occupation type activities, a growing segment of business activity which is resulting from the increased sophistication of home computer and telecommunications technology. The board approved nine of these site plan applications. We extend our thanks to the Board of Selectmen for their essential assistance and cooperation in our site plan review work.

During 1988, the Boad noted a marked increase in public participation at our meetings for which we are grateful. We encourage the Townspeople to continue this trend as it not only has the positive effect of keeping people informed of the Town's Development but it also is of great benefit to the Board in its efforts to make informed and equitable decisions.

On behalf of the Planning Board, special thanks are again extended to our secretary, Betsy Forsham, for her loyalty and diligence. Her workload is very great and is executed professionally, an invaluable asset to us all.

The scheduling of the Wilmot Police Department is flexible therefore if you need an Officer please call New London Dispatch at 526-2646. The Dispatcher will either get a Wilmot Officer or, if none is available, a State Trooper if necessary.

## WILMOT F.A.S.T. SQUAD REPORT — 1988

In 1988 the Wilmot F.A.S.T. Squad responded to 12 medical calls for help. We also responded to several calls as standby for the Volunteer Fire Department in case of injury.

We wish to thank the Ivy Guild who generously donated funds to our squad this past year as well as those who have supported us through contributions in memory of a loved one. Due to this type of generosity we have been able to keep our supplies well stocked as well as have funds available for additional equipment.

Our squad is in desperate need for NEW MEMBERS. We lost a valuable member of our squad, Jill Grace, this year due to relocating. Our squad is strictly VOLUNTEER and our members all have family, jobs, and other responsibilities and hope that all calls can be covered. By increasing our membership we also increase our volunteer services. PLEASE, if you are interested in becoming a member, contact one of us.

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

We appologize for the inconvenience last spring when I was the only person available to give fire permits. The problem has been resolved and there are now four Deputy Wardens available as listed below.

Between July 1987 and June 1988, we experienced more fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state had excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your forest fire Warden, Concord Forest Protection Headquarters at (603) 271-2217, or local Forest Ranger.

On January 1, 1989, the Deceptive Forestry Business Practice Law (RSA 224:54) went into effect. This law, in summary, states that a person guilty of a misdemeanor if, in the course of buying or selling a forest product, uses a false weight or measure for falsely determining any quality or quantity of a forest product. For more information, contact one of the persons mentioned above.
